

# The future of contactless payments

*Empowering every merchant and  
every courier to accept card  
payments on their mobile device!*

## Company Overview

Q2 2025

# RUBEAN SOLVES THIS PROBLEM

- Since the pandemic, physical cash has been increasingly replaced by card payments.
- Merchants, couriers & tradespeople require specialized hardware (PTS devices) to accept card payments. This special hardware is cumbersome and just as expensive as handling cash.

# THE SOLUTION: RUBEAN'S PHONEPOS

Any merchant can accept card payments on their mobile device with the  rubean™ APP.

# ONE SOLUTION SUITS DIFFERENT AUDIENCES

Rubean's software APP enhances *mobile devices* by adding the capability of a full card-acceptance terminal (POS).

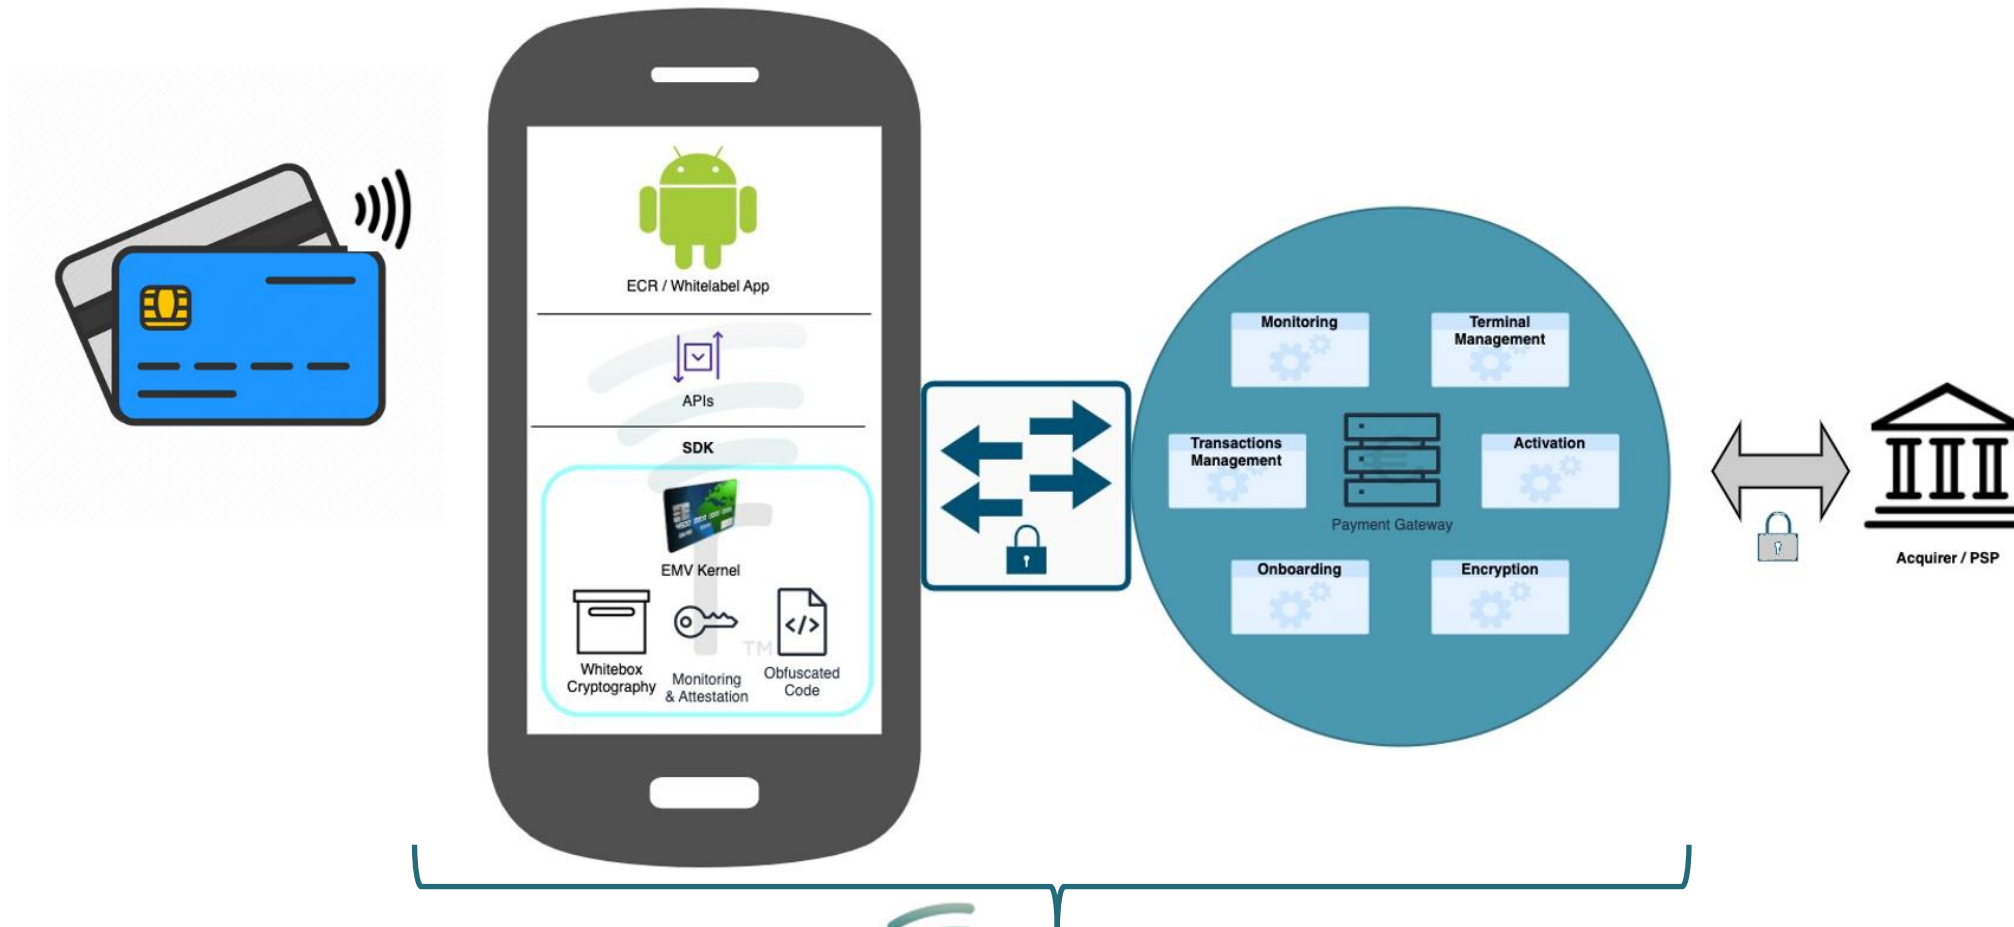

For **Individual Merchants**  
integrated into their banking APP

For **Enterprise Customers**  
integrated into their enterprise APP

# SOLUTION OVERVIEW

# Security Rules: All Certifications

- App Certifications:
  - Mastercard, Visa & girocard (DK) approvals for Full-SDK and APP.
  - PCI MPoC Software (Isolated SDK): Listed on PCI homepage.
  - PCI MPoC Solution: Listed on PCI homepage.
- Operation Certifications:
  - PCI DSS, PCI PIN, PCI SLC, PCI SSS

# RUBEAN'S BUSINESS MODEL

## Three ways to license the solution:

### 1. **Monthly license fee** for each installed Rubean APP:

- Enterprise customers buy licenses directly from Rubean.
- Individual merchants get licenses from their banks, who buy them from Rubean.

### 2. **Transaction fee** or a **share of transaction volume** for each transaction.

### 3. **Referral transaction fees** from acquiring partners for transactions contributed by Rubean's direct customers (usually 3x normal transaction fees).

# Why Rubean PhonePOS?

**1 All major schemes (girocard, Mastercard, VISA, AMEX, Discover, Diners Club, Pulse)**

**2 Fully automated provisioning -> Efficiency gain**

**3 Support all Android devices  
(also non-Google certified devices)**

**4 Quick, reliable and secure implementations**

**5 Rubean's PhonePOS technology is protected by  
14 patents in Europe and the United States.**
